

CONCRETE

No. 005

KNOTTY STOOL

The Knotty Stool is the perfect addition to any space. A natural pedestal or modern accompaniment, it stands beautifully alone, or can be used as seating, a footrest, or an impromptu table. The smooth, organic surface of cast-concrete offers a wabi-sabi vibe. Hollow-cast, the Knotty Stool can be made with optional sliders for indoor use.

MATERIALS & SPECS

composite concrete

16 x 17.25 // 135 lb // 61 kg
